

INCUBATION CELL

The ACA – Incubation Cell is one of the most unique deep – tech start – up hub of Ahmednagar College. It coordinates and leverages the synergies of various strands of excellence driving innovation, training and entrepreneurship at the College, which consists of cutting-edge research and industrial interactions. Ahmednagar College supports students, faculty, staff, alumni members and external entrepreneurs in creating successful deep tech start-ups, disrupting industries and translating benefits to the society at large. The Incubation Cell nurtures technology ventures through their start-up phase by providing all the support necessary to help entrepreneurs establish themselves before they scale up their ventures. Under the Leadership of Principal Dr. R. J. Barnabas the Incubation Cell is recognised by Savitribai Phule Pune University, under Innovation, Incubation and Linkages. Forging the nature of entrepreneurship and motivation the students to become self-employed has been one of the most prominent feature of Incubation cell.

The main mission of Incubation Cell is to give opportunity to prospective students to bring out innovative ideas through competitions and brainstorming. Exploring innovative and creative thoughts, ideas, or concepts from students, research scholars, faculty members from various domains of society as well as industry. To develop and provide a platform for the creative aspirants, where their innovative ideas and concepts will be incubated and realized. To incubate, culture, and refine the ideas or concepts with a support from technical as well as creative experts of the concerned fields. Creating awareness among students and other sections of society regarding various aspects of entrepreneurship like new business prospects, government schemes for entrepreneurs, essentials for framing business plan and developing start-up etc. Nurturing the idea and giving it a shape of a sustainable venture i.e. assisting from the stage of project identification to project implementation. Providing mentoring in all areas like operations, technical, finance, marketing, economics etc.

INCUBATION CELL (TRAINING AND INNOVATION)

DEPARTMENTAL REPORT FOR THE YEAR 2021 – 2022

The Incubation cell as a part of training and progression invited students to participate in INNOFEST 2022 for 16th and 17th March 2022. The integral part of the competition was to give an opportunity to pitch in front of the audience. A notice pertaining to the same was circulated to all the students of all departments, and two major focal proposals were selected. The selected projects were sent to the University for Furtherance. Project 1 – MAGIC SCRIPT- By Mr. Adesh Pardeshi, Mr. Rohitash Gandhare, Miss. Taniksha Wakchaure and Miss, Ankita Shelke (All students of BBA). And Project 2 – Plastic Waste Management – by Mr. Varun Dinesh Kanojiya (BSc Biotechnology). The students uploaded the projects via Google form and were briefed about the selection criteria and the schedule of the day of Pitch Deck. The second round of University was cluster round of selection. Both the teams performed well and the projects were made to a standard unfortunately both projects were not selected for the Pitch Valley. A brief discussion later was also conducted for the experience and areas to improve by the students of teams.
