Prevention of Sexual Harassment and Violence against Women

The Women's Cell of the College ensures the prevention of sexual harassment and violence against women on the campus as per the recommendations of the Supreme Court and the University Grants Commission. The purpose of the Cell is to ensure a safe environment on campus where students, teaching and administrative staff may feel completely at ease in doing their work. If any one is a victim of sexual harassment or violence, either physical, verbal or otherwise, she should report it, preferably in writing, to the Coordinator of the Cell. All investigations of such complaints are strictly confidential and follow a time bound framework. One need not fear any victimization. If any one is found guilty of violating the Supreme Court guidelines, they will be punished.

The supreme court has defined sexual harassment as: Physical contact or advances, demand or request for sexual favour, sexually coloured jokes or remarks, display of pomography and any other physical, verbal or non verbal behaviour with sexual undertones.
