A NATIONAL SEMINAR ON
SCIENCE-RELIGION DIALOGUE:
PATHWAY TO SOCIAL HARMONY
4 - 5 February, 2010

ORGANIZED BY

AHMEDNAGAR COLLEGE, AHMEDNAGAR
& INDIAN INSTITUTE OF SCIENCE & RELIGION, PUNE

Thematic Area
Science for its connections with religion has been a matter of discussion in various disciplines. There have been discussions and thinking about Science & Religion in various dimensions. Studies indicate that science has its origins in religious and spiritual movements. However, it lost its connection with religion over a period of time. In the recent years, there has been an increasing interest in the subject of spirituality and religion and their connection with science.

Science and Religion are two important aspects of human life. In the present times we are faced with social conflicts pertaining to various identities. At times, Science and Religion play a vital role in creating or resolving such conflicts. Social development and maintenance of social harmony based on the universal principle of peaceful co-existence are hindered by some such conflicts.

This seminar will focus on some key issues for the meeting of Science and Religion in the Indian context. We seek deliberations and discussions on some of the broad questions about the place of scientific inquiry within a variety of religious faiths in India.

Objectives
- To motivate individuals to explore the scientific basis of religion.
- To preserve life in all forms.
- To use the information for the betterment of society.

About Us
Ahmednagar College: An educational institution has to stand all on the ground of its values to overcome the clowns of commercialisations. When the central concern of a college is to commit itself to mould the character of men and women, “Not things but men”, then it becomes a natural beacon. Ahmednagar College has precisely been such a centre of education for more than six decades.

At the dawn of India Ahmednagar College was founded as a platform to fulfill the educational needs of the fledgling new nation. The College has always had students from various backgrounds; rural and urban Ahmednagar, various parts of Maharashtra and all parts of India. The College has a rich pool of qualified and experienced faculty supported by an efficient administrative staff. The ‘National Service Scheme’ (NSS) that is in operation in colleges all over India was first conceived and put into practice in this College.

Registration
The Registration fee for delegates is Rs. 300/- and for students participants Rs. 100/- The registration fee is to be sent in the form of Demand Draft drawn in favour of Principal, Ahmednagar College, Ahmednagar payable at Ahmednagar (M.S)
The last date for registration is 25th January 2011.

Venue
The Seminar will be held in the ‘Library Conference Hall’ of Ahmednagar College.
Ahmednagar is a well known place in Maharashtra, situated at about 120 km from Pune as well as Aurangabad. Ahmednagar is well connected by rail and road. The nearest airport are at Pune and Aurangabad.

Accommodation
Free accommodation will be provided to the delegates at the various facilities of the institution.
